

Three Stage Sink

Mounts on top of Mezzanine for easy cleaning of scales for changeovers!

Makes your wash down changeovers fast and easy. Conveniently located on top of the Mezzanine next to the scales.

Mounted on top of mezzanine the 3 stage sink eliminates the operators from having to go up and down the stairs of the mezzanine to clean the buckets of the combination scales or other filling equipment .

"Not an easy task when carrying the buckets of a 14 head scale!"

Needs properly sized mezzanine to accommodate the sink and plumbed with water and drains.

High degree of fit and finish. Beautiful workmanship,

"Checkweighers, Scales, Fillers, VFF&S Baggers, Horizontal Flow Wrappers and Custom Conveyor"
