

# Bagged Produce

## NO MORE REJECTED LOADS!

100% Product Inspection +/- .02 lb accuracy

60 Bags a minute with streaming data

Drop Bed reject for automatically removing out of tolerance product

Eliminate under weights and reduce charge backs/ less give-a-way

**Drop Bed Reject** is gentle on the product and automatically removes the out of tolerance product from your line insuring 100% of your product is the correct weight.

- **Easy Integration** - Includes variable speed DC motor controls package with E-stop and I/O interfaces for complete integration into your packaging line.
- **Quick Calibration** Simple static calibration, simply enter the new product parameters and go—it's that simple!

# Instant Return on Investment

Inspect 100% of your product and put money in your pocket every month immediately!  
And let your tax deduction make over 15 of your lease payments!

If you are currently weighing your product on static scales with people in order to “spot-check” your correct weights; you could actually save money by leasing the equipment and get all of the benefits of 100% product inspection, a tax deduction, and own the equipment after the lease period.

## Go From This

**4 workers x \$7 hr. = \$28 x 8 hours = \$224 per day**

**X 5 days = \$1,120 per week x 4 weeks =**

**\$4,480 month**

## To This

**1 workers x \$7 hr. = \$7 x 8 hours = \$56 per day**

**X 5 days = \$448 per week x 4 weeks = \$1,792**

**Plus \$489 (lease payment) =**

**\$2,281 month**

## Save \$2,199.00 a month!

Numbers are based on list price of \$25,000 for the checkweigher system and a 60 month lease with a 10% final payment of \$2,500 and you own the equipment. Section 179 Tax deductions qualify—ask your tax advisor or call us for more information. PMA members' discounts are also available.
